

/home/carla/git/ijengine
-ICG_GL/include/sdl2canvas.h

```
graph TD; A["/home/carla/git/ijengine  
-ICG_GL/include/sdl2canvas.h"] --> B["SDL2/SDL.h"]; A --> C["canvas.h"]
```

The diagram illustrates the relationship between a source file and its included headers. A top box contains the file path and name. Two arrows point from this box to two separate boxes below, representing the headers it includes.

SDL2/SDL.h

canvas.h
