

/home/carla/git/ijengine
-ICG_GL/include/sdl3Dvideo.h

```
graph TD; A["/home/carla/git/ijengine  
-ICG_GL/include/sdl3Dvideo.h"] --> B["video.h"]; A --> C["SDL2/SDL.h"];
```

The diagram illustrates a dependency or relationship. A top box contains a directory path and a compiler flag. Two arrows point from this box to two separate boxes below it, indicating that the flag or path is associated with or points to these two files.

video.h

SDL2/SDL.h
